Thanks David! We'll get them all squared away.

I'll call you in the morning an hour or so before hand to go over logistics.

Rick

Hello all,

Please find attached the following for Tuesdays CSPA session on 10:00 to 12:30 in which Mike Goodis and I will be participating

- (1) Mike Goodis's final presentation (he also has this on his memory stick)
- (2) My presentation (Mike Goodis has a slightly earlier (and different) draft version of my presentation on his memory stick, but if you can access the one attached to this email, please use this instead)
- (3) my bio - adapt/delete as needed
- (4) Mike's bio - same as what he sent to Beth L. last Friday

I look forward to the meeting tomorrow morning.

Regards,

David.

David,

Thanks for the heads up. This will work fine. Peter and I have things set up for tomorrow and as long as we have the presentations by early tomorrow morning, we should have no problem getting them loaded up and ready to go. I'll also plan to give you a call in the morning to go over logistics.

Thanks!

Rick

I've sent to Mike Goodis his final presentation as well as an acceptable draft of my presentation to him. He was leaving at 11 am. He has put these on a flash drive as a emergency back up. You have Mike Goodis' bio.

I am still doing a few tweaks to my presentation and this tweaked version is the one I would prefer to you. Tweaks to done by this evening. I will forward to you via email the tweaked presentation, Mike Goodis' presentation and my bio to you all at once this evening. You already have Mike's bio.

If you have internet at the hotel, you will be able to access the latest versions by email. If you don't have access to email, Mike Goodis has what he and I will need with respect to the presentations on a thumb drive and he and I will work from what's there during our session.

David.

How are you coming on finalizing the presentations? Peter, who is copied on this email, has volunteered to stand in for me and do double duty by staffing this program. Please include a copy of the presentations to him when you email them to me and bring them on a stick just in case. Please do the same with your bio, David. Thank you all -this is going to be a very informative program.
